intensive care unit

# 2020–2021 Highlights

anchor center  
FOR BLIND CHILDREN

SEE LIFE DIFFERENTLY

Anchor Center for Blind Children is one of only a handful of organizations in the country that specializes in early intervention and development education services for children, birth through five, who are blind, have serious visual impairments, or have dual sensory (i.e. visual and auditory) impairments. Established as a nonprofit in 1982, Anchor Center provides hope and a nurturing environment where children reach their highest potential.
