About Anchor Center for Blind Children

Anchor Center for Blind Children specializes in serving children during the most formative years of their lives, birth to age five, who are blind, have serious visual impairments, or have dual sensory (i.e. visual and auditory) impairments.

Founded in 1982, Anchor Center is the only organization of its kind in Colorado, and one of only a handful of similar organizations in the nation, that specializes in vision services and early intervention. In fact, families have moved to Denver, Colorado to enroll their child(ren) in Anchor Center's highly specialized and well recognized trans-disciplinary programs for infants, toddlers and preschool children.

With over 40 years of service, Anchor Center has helped thousands of children reach critical early childhood milestones, very often catching up to the developmental milestones of their peers. Equally as important, Anchor Center has helped thousands of parents, grandparents and families gain knowledge, skills and confidence to support and nurture their child's life of exploration and education.

This is why Anchor Center for Blind Children exists. And this is why your sponsorship means the world to the more than 400 children and their family members that will be served by Anchor Center this year.

Built in 2007, Anchor Center's school and therapy center is expressly designed for young children who are visually impaired. It is a place filled with all forms of light and texture; a teaching tool in and of itself.
